EVERYTHING
MUST
CHANGE,

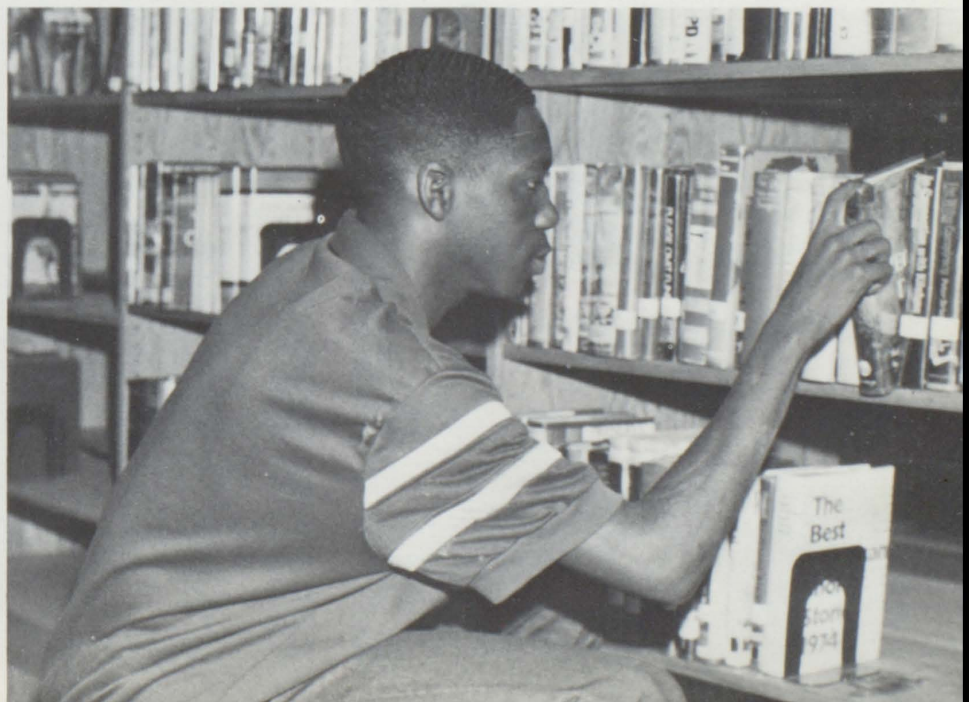

NOTHING STAYS THE SAME.

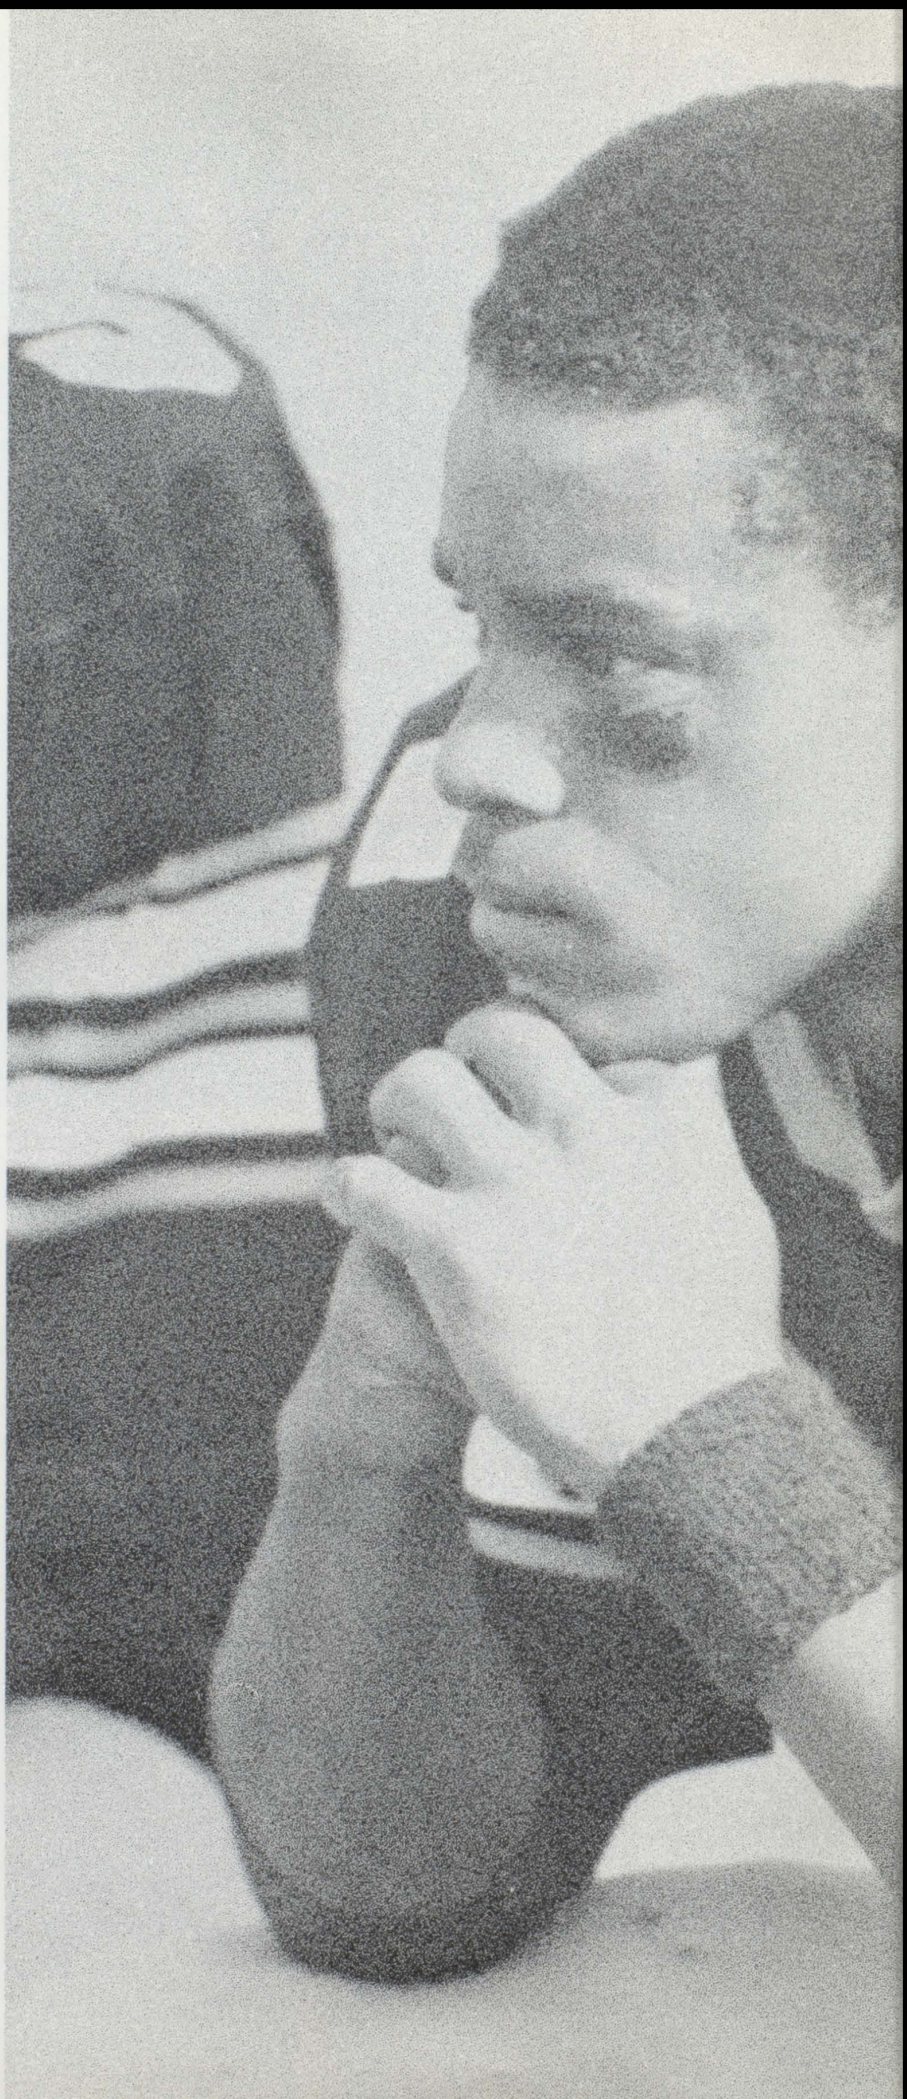

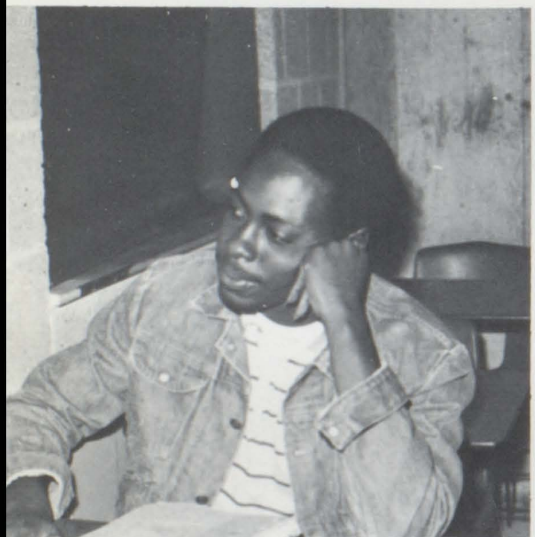

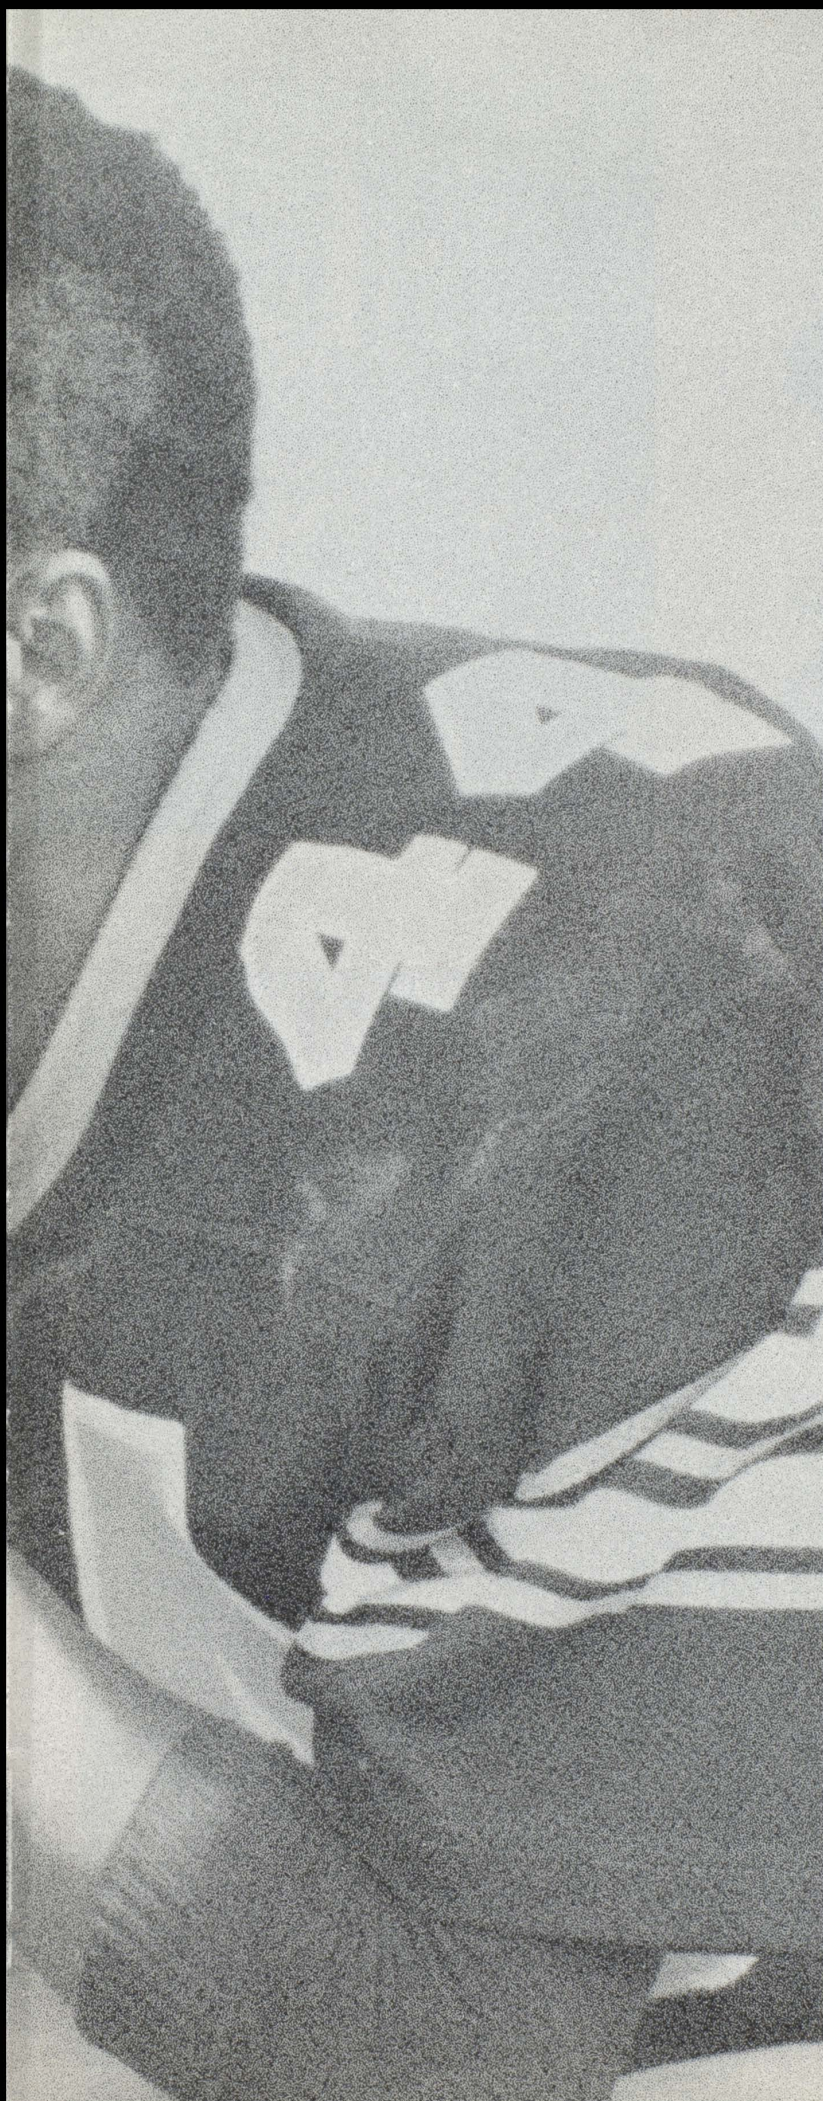

EVERYONE WILL CHANGE,

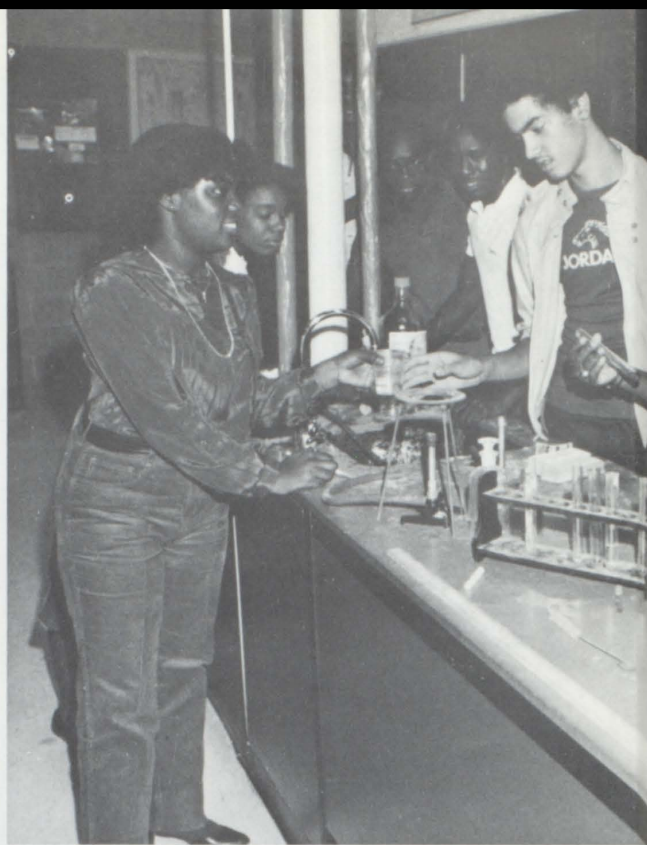

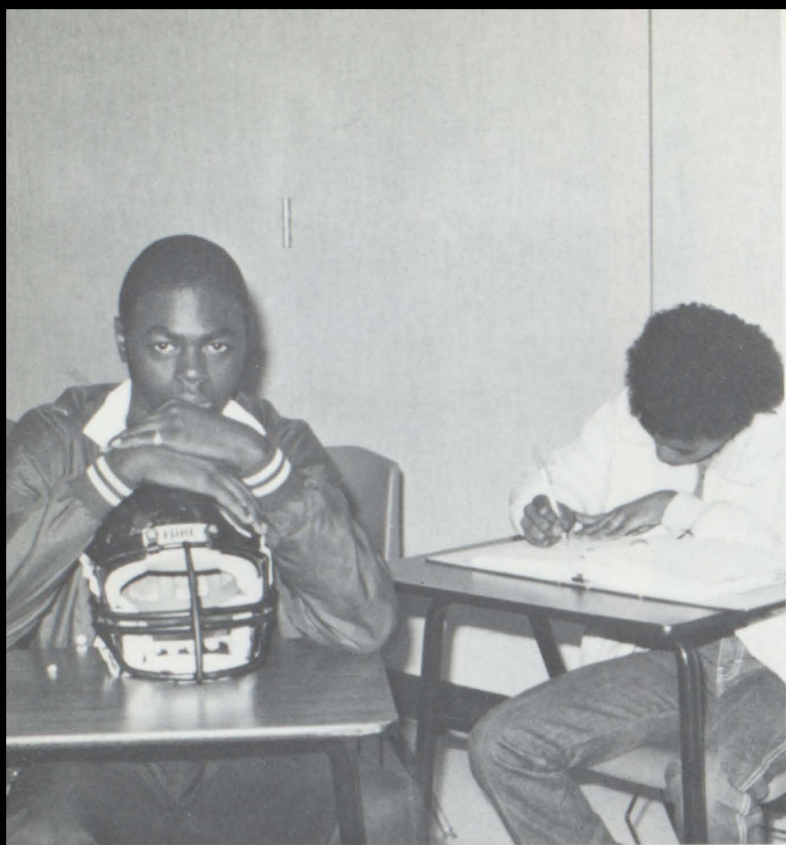

NO ONE STAYS THE SAME.

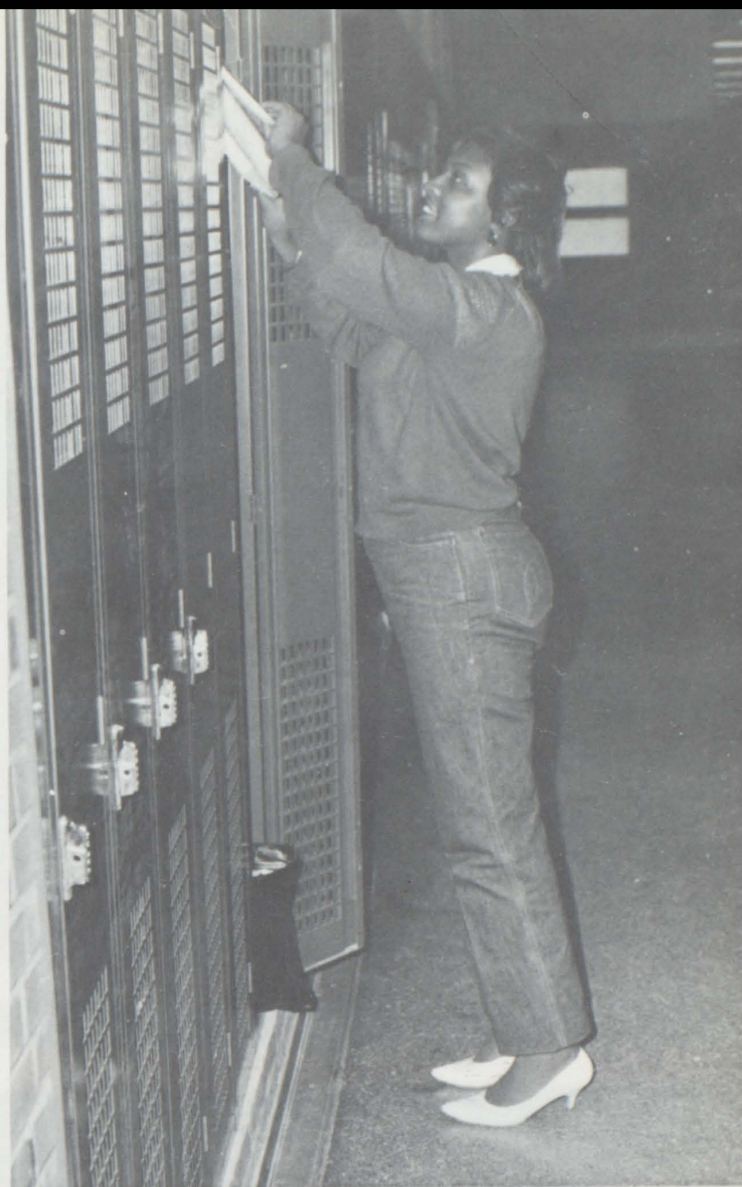

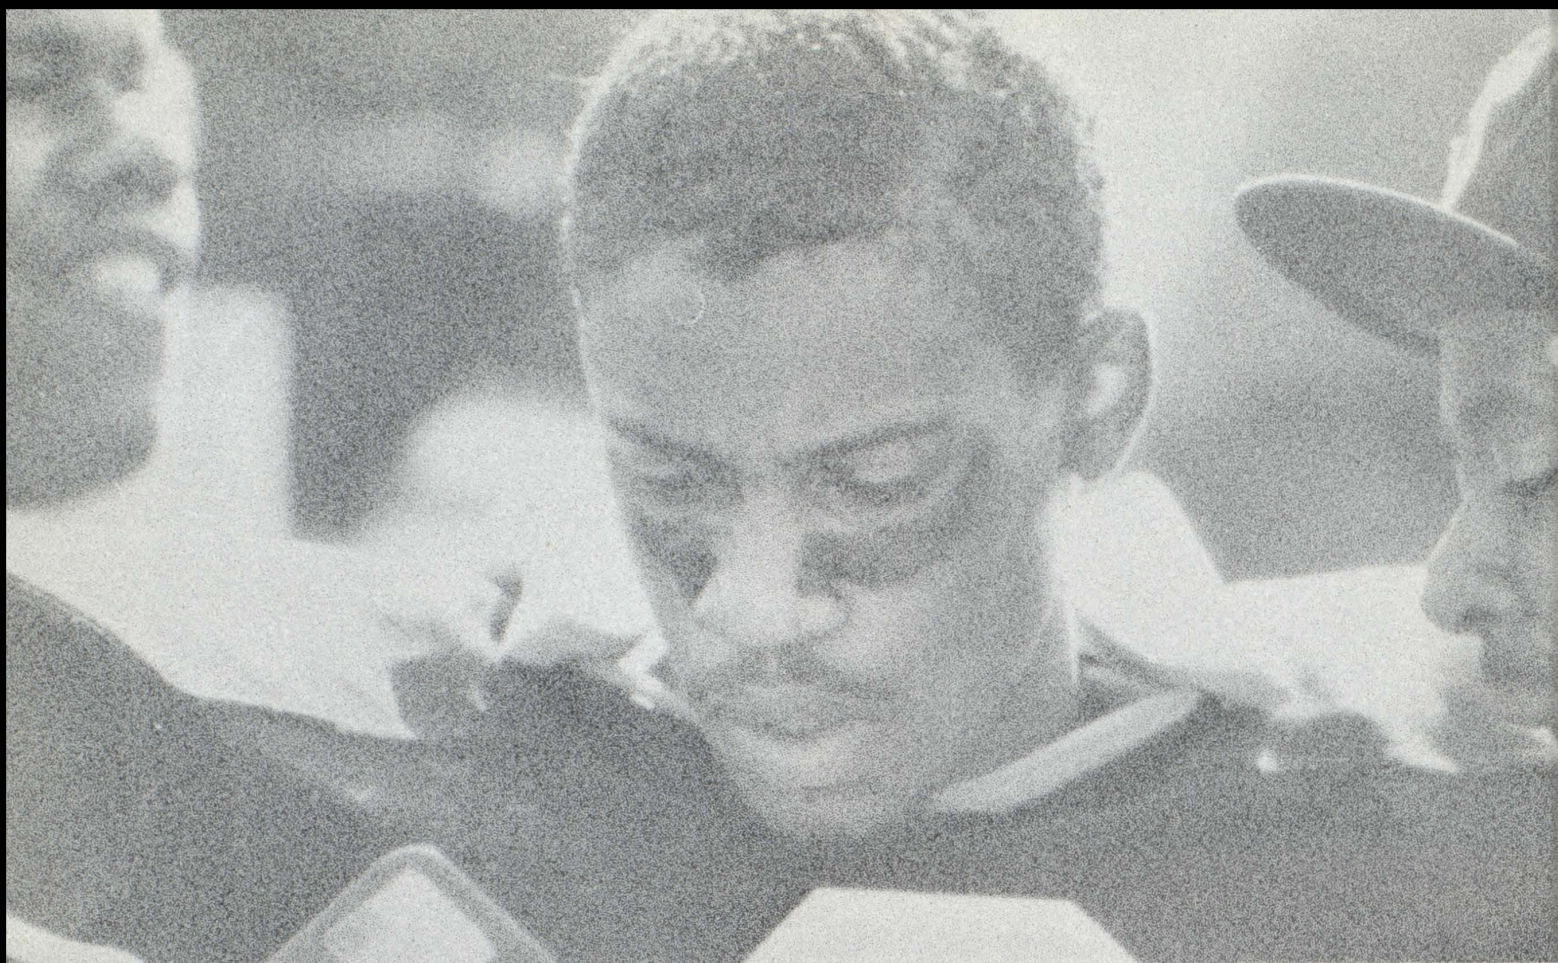

THE YOUNG BECOME THE OLD,

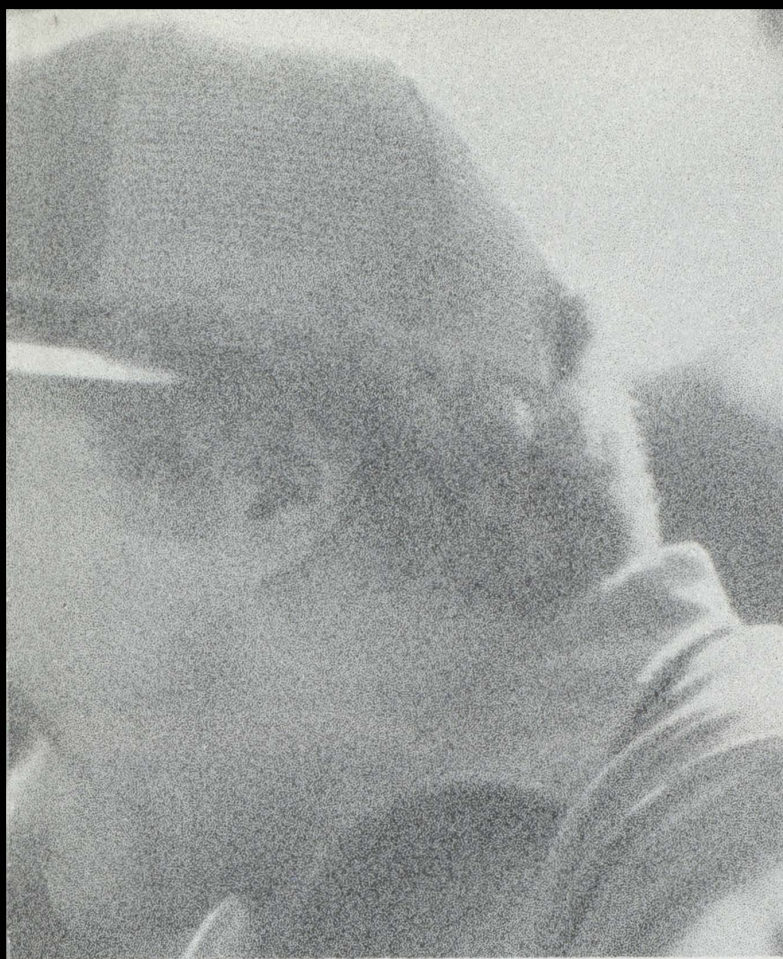

AND MYSTERIES DO UNFOLD,

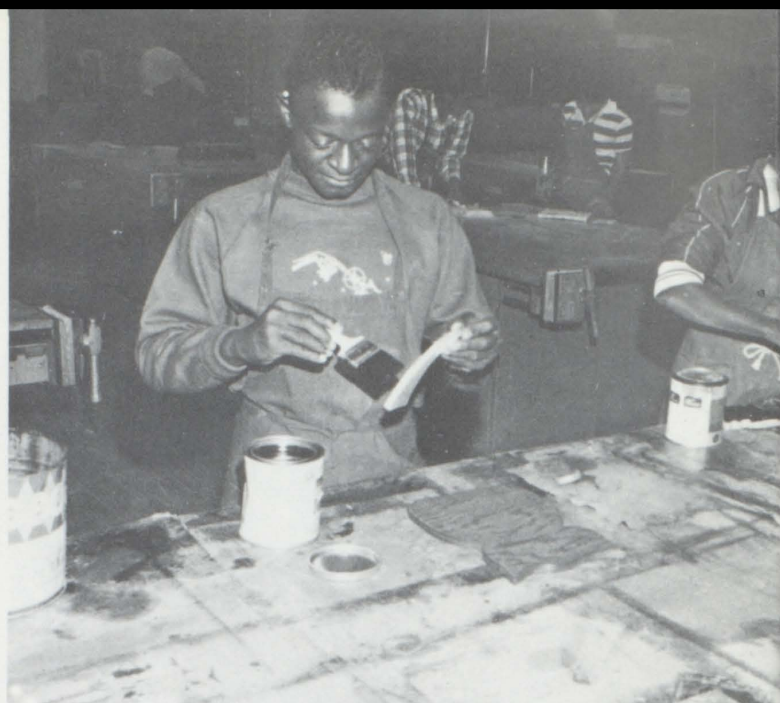

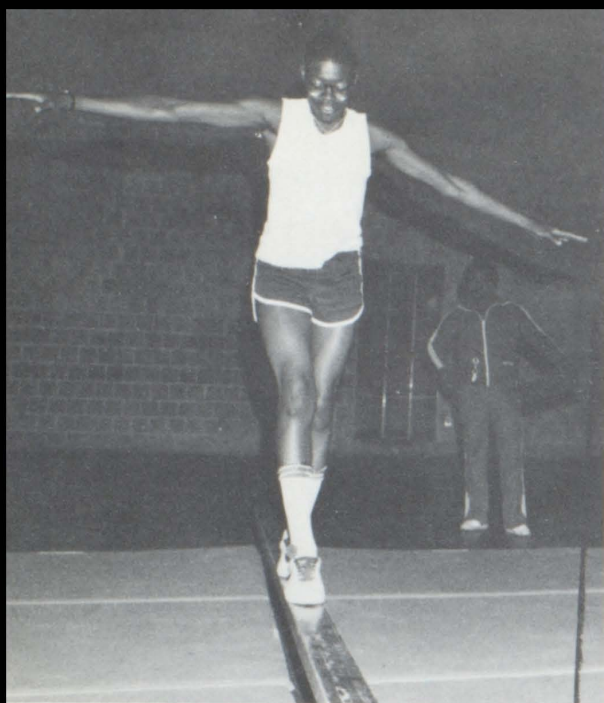

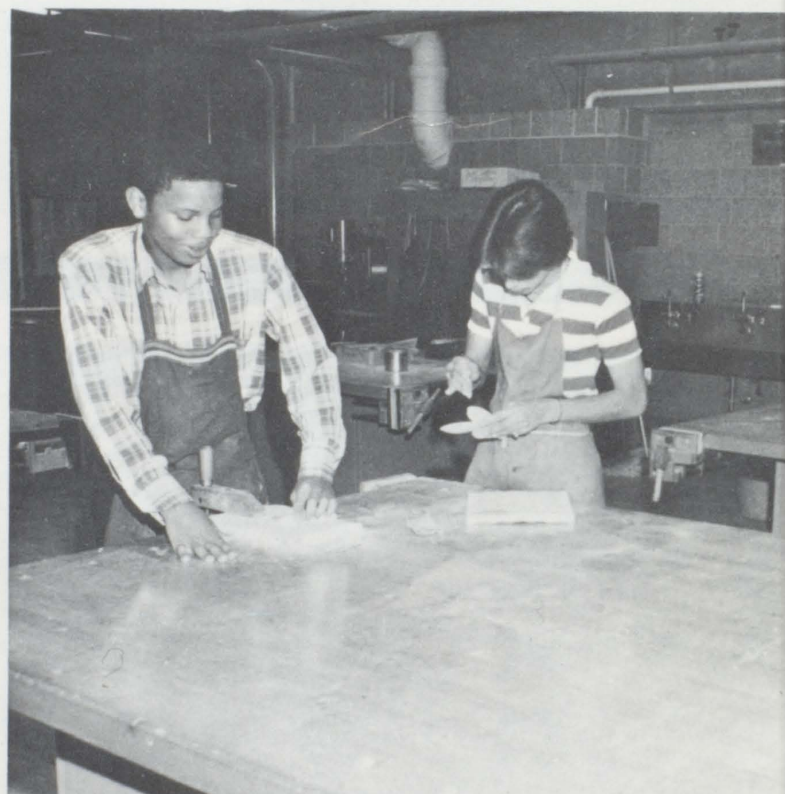

'CAUSE THAT'S THE WAY OF TIME,

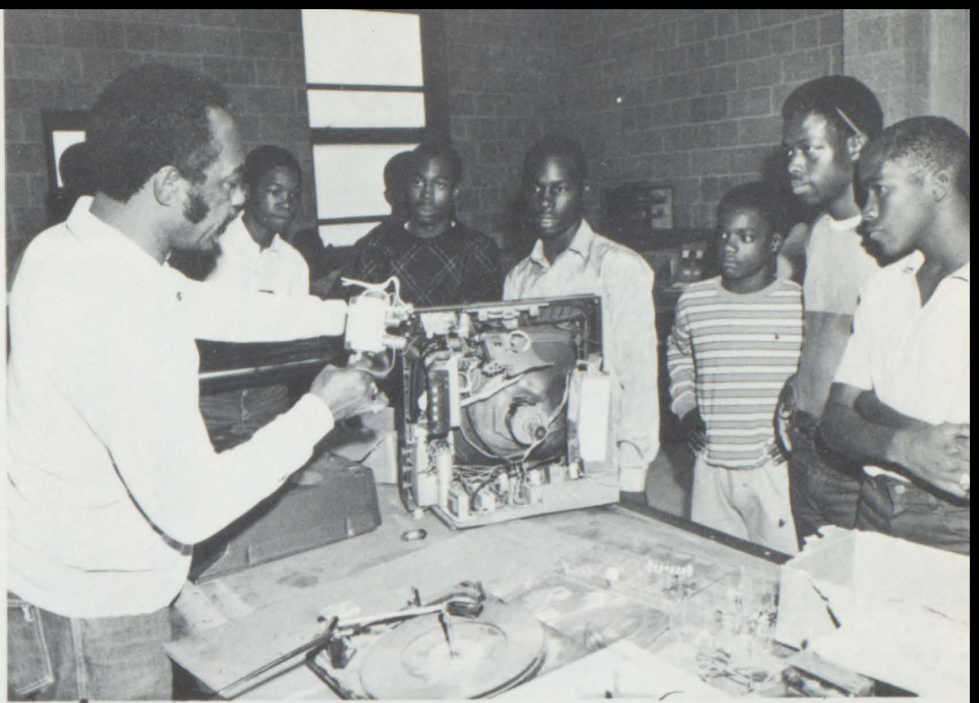

NOTHIN' AND NO ONE GOES UNCHANGED.

THERE ARE NOT MANY THINGS IN LIFE

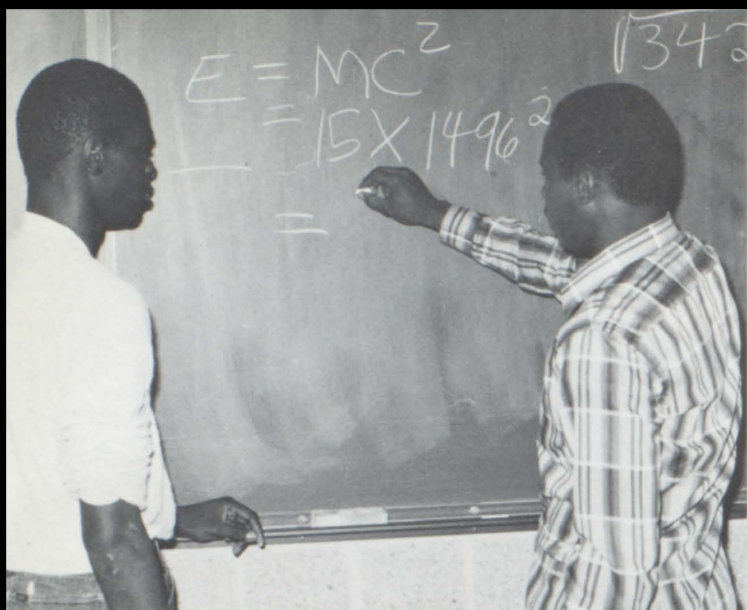

YOU CAN BE SURE OF.

EXCEPT; RAIN COMES FROM THE CLOUDS,

SUN LIGHTS UP THE SKY,

AND HUMMING BIRDS DO FLY.

WINTER TURNS TO SPRING,
A WOUNDED HEART WILL HEAL,
BUT NEVER MUCH TOO SOON,
YES, EVERYTHING MUST CHANGE.

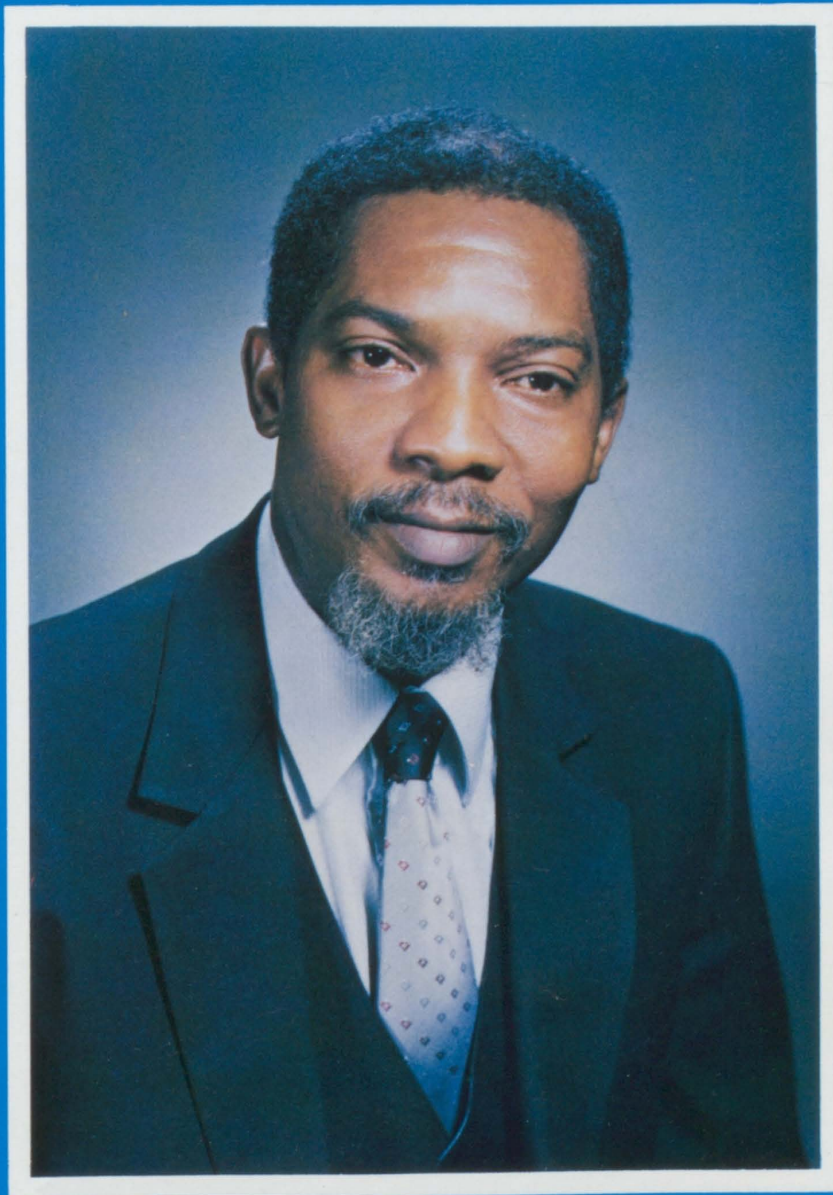

WORDS OF WISDOM TO THE CLASS OF 1983

You're like a seed planted in unfertile soil, fighting to grow in an uncertain world. You're reaching out to be understood, to gain knowledge, and to be loved. Like a tree, you are ever growing and changing with the seasons — The Seasons of Your Life. You're not the same person you were five years ago, and you won't be the same person five years from now. Your life will be measured by your efforts, commitments, dedication, and your will to work. I hope that we, at Malcolm X Shabazz, have given you the tools you need to become a success. Success is measured not in what you become, but how well you do the job you have chosen.

I sincerely hope that life is good to you, life is kind to you, and life allows you a multitude of opportunities to reach your goal. We, at Malcolm X Shabazz, tried to do our job; the rest is up to you. I wish you the best, and may God light your way.

Your Principal,
Gordon Mayes

A flower, just a flower, so helpless, innocent and young. When entering the world, its form will change, it will learn how to survive by use of the water and sun. In time, buds will spout, its petals will open and a new life each day will begin. It will see times changing, people passing and many new open. Now just like the flower, a freshman begins exploring a new world unknown.

Then not realizing how fast the time has passed, he has graduated and now is alone. Each year that goes by the freshman, sophomore, now junior will grow until he reaches a point in his life where he may not know which way to go. But like the flower, each day is a new life and the student will change even more, until high school is behind him, his dreams are before him, and he goes after those things he has waited for. So to all the gullible, impressionable little flowers, I caution you further still, beware of poison water, yet welcome waters flow and in time you will become wiser and like the little flower you will grow.

GUIDANCE DEPARTMENT

Malcolm X Shabazz is fortunate to have a large staff of concerned guidance counselors to complement its faculty. The main function of guidance is counseling — an interaction in which one person, the counselor endeavors to help another person, the student, become more effective in dealing with life. The major area of concern are personal problems, program of studies planning, academic concerns, post-high school planning, and career development.

ENGLISH

In order for an individual to become an effective and productive citizen in a democratic society, he or she must develop functional competency in the area of communication skills. The late Lyndon B. Johnson went a step further when he stated: "Today the cost of failure to communicate is not silence or serenity, but destruction and disillusion."

The English Department at Malcolm X Shabazz High School strives to provide each student with a basic, practical, and functional knowledge of the English language by the time the student graduates. At each level the English program builds on and incorporates the programs of the previous grade levels.

SCIENCE

We believe that in order to understand ourselves and the world in which we live—a world in which almost every aspect of our lives is touched by technology, it is necessary to attain some degree of literacy in science.

We further believe that it is incumbent upon science teachers to cultivate interest in, provide information about, and lay a firm foundation for job opportunities, or advanced study in the sciences.

MATHEMATICS

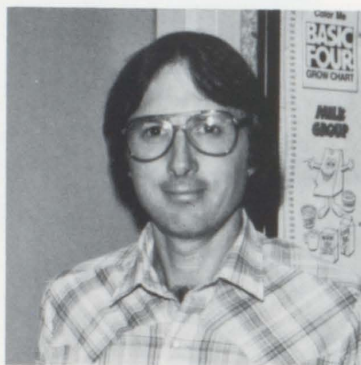

The primary goal of the Mathematics Department is excellence in mathematics education for all students. The total program provides sequences of courses for students of different abilities and interests. The general mathematics sequence is directed toward a study of basic skills and their application; the intermediate mathematics course concerns itself with both a study of college preparatory mathematics and reinforcement of basic skills; the college preparatory program prepares students for freshmen college courses in finite mathematics.

FOREIGN LANGUAGE

We believe that all our students are entitled to the academic and pragmatic advantages that foreign language study can offer. We, therefore, believe that appropriate language courses should be available to all our students, and that where necessary, these courses should be modified to best meet special needs. In this way, the Foreign Language Department can best contribute to the growth of our young people as students and as independent and productive citizens in our society.

BUSINESS

The growth in the number of positions for Secretaries, Computer Occupations and Accountants during the next ten years is expected to be greater than all other job markets.

We want Malcolm X Shabazz students to be ready to fill many of these positions. Therefore, our Department offers courses in Stenography I and II, Bookkeeping I and II, Secretarial Practices, Business Law, and a number of other classes which have been designed to prepare our graduates for employment in the world of business; or further educational experiences.

PHYSICAL EDUCATION

For the department of Physical Education at Malcolm X Shabazz, the mind is just as important as the body. Phys. Ed. classes provide activities which allow for the development of both strength and coordination, but a learning process is also involved. Students learn the fundamentals of sports. But aside from students learning histories, rules, and safety practices, teachers encourage, on an individual level, the development and perfection of specific skills particular to an activity. Our Phys. Ed. teacher makes gym class more than a fun way to stay in shape.

INDUSTRIAL ARTS

Malcolm X Shabazz High Industrial Arts Department offers three basic programs. The shop courses offered throughout the day at Malcolm X include mechanical drawing, auto shop, woodworking, and electronics. These courses, which combine lecture with laboratory experiments are designed to develop the students' technical skills and to apply their abilities to their career plans.

The goal of the Home Economics Department is to achieve the goals of the individual and to give the students a better understanding of their immediate environment. The Clothing courses progress through basic sewing skills, into tailoring in the second year, and then pattern-making.

The Foods program offers the students an introduction to the basic principles of food preparation. Through these courses, the staff helps the students learn how to use their abilities to make their surroundings more interesting.

LAST WILL AND TESTAMENT

We, the Senior Class of 1983, being of sound mind and body do hereby declare this to be our LAST WILL AND TESTAMENT. We bequeath our final thought and words of wisdom to a number of our fellow Seniors and Staff members. We truly hope that they will profit by what is being said and then, "GO WITH THE FLOW."

To MRS. C. KING we leave a city accent. To MR. R. KING we leave a basketball and some jelly beans. To JESSE THOMAS we leave Charles Chappell's fame. To RONALD LOTT we leave a year's supply of Blocking Tactics. To QUENTON MEYERS we leave Daphne Frazier's learning. To RAPHAEL VAZQUEZ we leave a pair of shoes. To MR. CARANGELO we leave Mrs. Towe's personality. To MARITZA BAEZ we leave Iraidia Ortiz's books and brains. To the J.V. basketball team we leave a winning record. To the CAFETERIA we leave more cold lunches. To DARRYL ADAMS we leave the boys' room. To LEONARD BUTLER we leave common sense. To MRS. TOWE we leave a senior class full of honor students, and a class that understands Hamlet. To MRS. DELVECCIO we leave a student that speaks perfect Spanish. To MR MAYES we leave a peace sign. To CHEYONNE JEST we leave you the best wishes in the future. To CORNELL JONES we leave a new voice. To CYNTHIA WEBB we leave the bulldog blues. To MALCOLM X SHABAZZ we leave a new set of security guards. To VIVIAN BELTON we leave a new hair style. To the SENIOR CLASS OF 84 we leave Terrell Glover's brain. To VENIZA HOWARD we leave much success in her senior year. To CHERYL EVANS we leave friendship. To the JUNIORS we leave a lot of maturity. To ADRIANNE PERRY we leave an "A" instead of an "F". To CLARENCE HUNT we leave RAHWAY PRISON? To MRS. DAVIS we leave Lisa Green. To JACKIE GRAHAM we leave a roll of tissue for her nose. To MRS. LOWE we leave a class who loves geometry. To MR. COOK we leave a new pair of glasses. To MR. SHALLER we leave a new pair of lees. To MRS. LAKES we leave a bottle of energy pills. To MR. BOWE we leave weaker vocal cords. To MR. MAYES we leave you more help.

To my Daughter,
Tracey Simms

It's easy to be proud of you. You've set your goal and done it well. You've had your ups and downs, but that didn't stop you. You're talented, chic, resourceful, youthful, and enthusiastic. I'm proud of you.

Mother

To my daughter Kim Monique Tillman. Congratulations and best wishes. For you my dear, as I'm sure you know, I only want the best. From now on, since your school days are gone, your future depends on you. But I'll always be here for you, to help you and see you through.

With much love,

MOM - FANNIE TILLMAN
